

Guardian Cone Pro

Alerts workers immediately if there's a work zone intrusion

The Guardian Cone Pro is the Spotter of the Future!

Site 20/20's innovative new product is designed to alert workers of oncoming traffic and its speed. This is an essential tool for both one-man jobs and larger crews; anyone who can't always keep their eyes on traffic.

Dependable, long-lasting, and built for distance, the Guardian Cone Pro is your workers' eyes on the road.

Alerts worker of incoming traffic and its speed range

Fits directly in a standard construction cone
